

Designed by Simon Pengelly, TAIA is a wide collection of versatile armchairs characterized by their timeless design with enveloping and flowing shapes. A complete family of chairs that seeks transversality of use, functionality, and comfort. The different chairs are generated by combining comfortable seats with a wide range of diverse bases that allow different functionalities while always maintaining a common aesthetic. The seats are available in a select range of timeless polypropylene colours that can incorporate upholstered seats or be fully upholstered for added comfort. The infinite customization possibilities and the wide selection of available finishes allow optimal integration in the most diverse contexts and spaces.

SEAT COVERS

**Plastic shell:**

**Composition:** Glass fibre reinforced polypropylene.

**Surface finish:** The shells are available in 14 selected colours with a non-slip matte texture on both sides.

**Upholstered shell:**

**Composition:** Inner mono-shell in polypropylene reinforced with fiberglass. Upholstered with high resilience CMHR flexible polyurethane foams of variable density covered with soft polyester fibre on its front face.

**Upholstery:** Available in all fabrics and leathers from the INCLASS sample book and also with fabrics supplied or specified by the client.

SEAT PANEL FIXED UPHOLSTERY

Inner seat made of polypropylene and covered with high resilience CMHR polyurethane foam. The upholstered seat panel is attached to the shell with 4 screws.

**Upholstery:** Available in all fabrics and leathers from the INCLASS sample book and optionally also with fabrics supplied or specified by the customer.

REMOVABLE SOFT SEAT CUSHION

Inner seat in polypropylene covered with soft polyester fibre. The seat cover can be removed for easy washing. The cushion is not attached to the seat, but it is possible to fix it using Velcro.

**Upholstery:** Available in all fabrics and leathers from the INCLASS sample book and optionally also with fabrics supplied or specified by the customer.

STRUCTURES

**4 tube legs:**

The structure is manufactured with a 16mm 2mm thick round steel tube with a high elastic limit.

**Finishes:** With thermo-hardened polyester paint in all the colours of the INCLASS metallic finish chart or in chrome.  
**Feet:** Standard: Plastic plugs. Optional: Felt pads.

**Base with 4 plastic legs:**

**Composition:** Glass fibre reinforced polypropylene.  
**Surface finish:** Available in 14 selected colours with a matte texture.  
**Feet:** Standard: Plastic plugs. Optional: Felt pads.

**Base with 4 wooden legs:**

Inner steel structure. Finished with heat-hardened polyester paint in grey.  
Solid oak wood legs.

**Finishes:** They can be finished in all the oak wood finishes from the INCLASS finish chart. Optionally they can be lacquered in all the lacquered colours of the INCLASS swatch book.  
**Feet:** Standard: Plastic plugs. Optional: Felt pads.

**Wooden 4-spoke swivel base:**

The base is made with an internal steel frame and the spokes are made of solid oak.

**Finishes:** They can be finished in all the oak wood finishes from the INCLASS finish chart. Optionally they can be lacquered in all the lacquered colours of the INCLASS swatch book.  
**Feet:** Standard: Plastic plugs. Optional: Felt pads.

**Rod Base:**

The structure is made of 12mm solid steel rod  
**Finishes:** With thermo-hardened polyester paint in all the colours of the INCLASS metallic finish chart or in chrome.  
**Feet:** Standard: Plastic plugs. Optional: Felt pads.

**Chair with sled base:**

The structure is made of 22mm round steel tube with a high elastic limit and double wall.

**Finishes:** With thermo-hardened polyester paint in all the colours of the INCLASS metallic finish chart or in chrome.  
**Feet:** Includes polypropylene studs in contact with the ground.

**Steel 4-spoke swivel base:**

It is manufactured with reinforced 18mm steel tube.  
**Finishes:** With thermo-hardened polyester paint in all the colours of the INCLASS metallic finish chart or in chrome.

**Feet:** Standard: Plastic plugs. Optional: Felt pads.

**5-spoke swivel base with wheels:**

It is manufactured with reinforced 18mm steel tube and equipped with 65mm soft double tread self-braking wheels

**Finishes:** With thermo-hardened polyester paint in all the colours of the INCLASS metallic finish chart or in chrome.

**4-legged chair with wheels:**

The base is made of 18mm 2mm thick round steel tube. The legs are fitted with 65mm double wheels with soft tread.

**Finishes:** With thermo-hardened polyester paint in all the colours of the INCLASS metallic finish chart or in chrome.

**5-spoke aluminium swivel base with gas:**

Swivel base made of injected aluminium alloy. Equipped with gas lift column and 65mm soft-tread self-braking wheels.

**Finishes:** Available with a polished finish or with black or white thermoset polyester paint.

**CERTIFICATES AND REGULATIONS**

European Standard UNE EN 16139-2 and ANSI BIFMA X5.4

AIDIMA quality-controlled label.

INCLASS has its quality management certified in accordance with the ISO 9001 standard in all the design, manufacturing, and marketing processes of its products.

INCLASS's production processes are certified according to ISO 14001 environmental regulations and are carried out seeking to reduce waste and energy consumption to minimize environmental impact.
