

DAILY

Crestline

Classic yet modern.

**Designer: David Moreland and
Nikolai Sorensen - Citta Design**

The Daily range strikes the perfect balance of classic yet modern design. It takes inspiration from mid-century style, combined with a timeless aesthetic to meet today's needs and seamlessly integrate into all living spaces.

Armchair

The solid wooden frame is made with Walnut or Oak and features a series of intersecting dowels and boards. These intersections create interesting joins and negative details throughout the chair. This detail is most prominent in the backrest where the dowels create a stunning series of repetitive junctions, making the chair as beautiful from the back as it is from the side or front.

Sofa

The cushions are made with comfortable multi-density foam and are upholstered in New Zealand with a range of premium fabrics.

Specifications

Armchair

Workspaces so good you'll look forward to Monday mornings.

The relationships people have with the office is fundamentally changing. How, where and when people work is no longer uniform. Nor are our solutions. We believe in the power of creating engaging spaces and furniture, so inspired and productive teams look forward to coming to work on Monday mornings.

For over 30 years Crestline has been helping design office spaces for companies who want more. More options, more flexibility, more design. Over the next 30 years we want to see NZ furniture design celebrated on the world stage, ethically, sustainably and joyfully.

Crestline; look forward to Monday mornings.
