EONA

Table Finishes

Sleek aesthetics and timeless design make EONA ideal for the conference or boardroom, while its flexible nature allows for customisable leg positioning and post-installation adjustments – so you can reuse your EONA table for various future applications.

1. Frame Finishes

EONA uses 100% post-consumer recycled aluminium for legs and leg support inserts. EONA aluminium frame is available in our current season powdercoat colours listed. Custom colours are also available.

Colours are representative only, please check with your Thinking Works consultant to view samples of any specific colour.
