## Something New Everyday

B&T Design Collection displays minimal design qualities through the use of rectilinear forms. The designs are the ideal seating solutions for interiors where seating elements are meant not to dominate but rather create a background for other design details within the space. The elegant and comfortable designs are suitable for commercial and residential applications.

# Alek Lounge

Designer: Alp Nuhoğlu.

Alek Lounge offer a simple naturalness with its oval-shaped wooden frame.

The warmth of wood dominates the visual impact as it unifies with a smooth cushion seat. 70 mm thick, soft foam seat and the fresh look of wood reinforce the feeling of comfort.

# Bonny

Designer: Alp Nuhoğlu.

Created as a refined and comfortable alternative for living spaces, Bonny combines simplicity and integrity in its form. Bonny lounge is enough to make a space elegant alone.

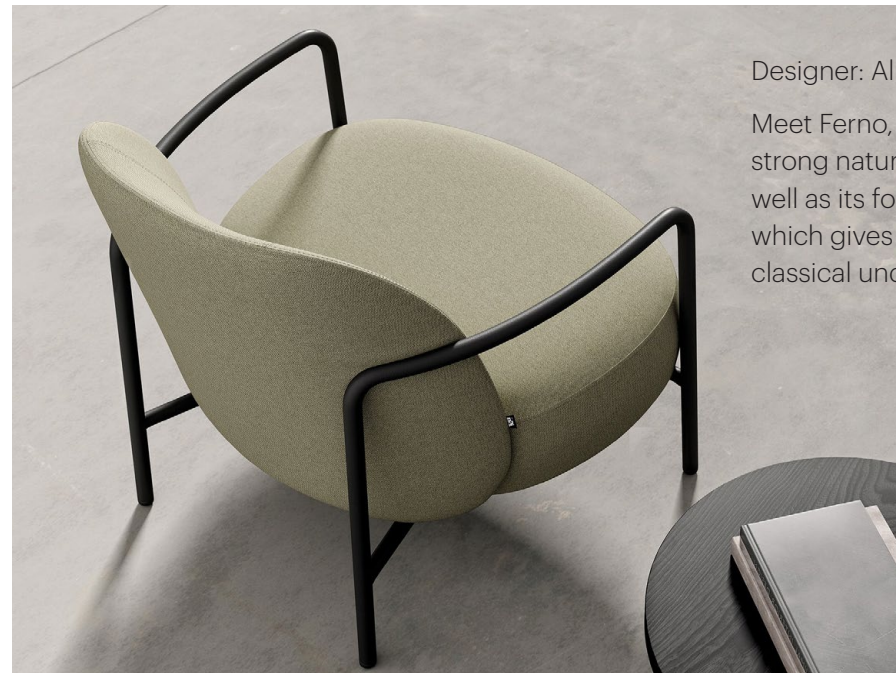

Bonny is a product that is sufficient to create elegance in the space with its simplicity. The armrests and backrest that generate a solid oval form also visualise the feeling of comfort beyond the experience with this detail. Made of polyurethane, this surface emphasises the sculptural presence and also provides durability for long years of use.

# Ferno

Designer: Alp Nuhoğlu.

Meet Ferno, with its contemporary design, strong nature, delicate workmanship as well as its form featuring soft curves, which gives a timeless answer to the classical understanding of comfort.

# Kav

Designer: Alp Nuhoğlu

With its iconic yet very simple structure and massive seating area, Kav will sure be a conversation piece in any space you install.

Designed with inspiration from the Scandinavian classics, Kav is a striking product that has been able to reflect the cosiness of wood on a single seat.

# To Be

Designer: B&T Design Studio

With a masculine persona and mid-century modern character, the To Be Lounge Chair brings comfort and good looks to today's breakout spaces. Made from commercial-grade, high-quality injection-molded foam, the chair's form is upholstered in choices of premium fabric, eco-leather and genuine leather in many color options. Its wooden base is available in several wood finish options.

# Pera Lounge

Designer: Alp Nuhoğlu

Pera is a commercial grade occasional lounge chair which reflects a modern and minimal design approach. Suitable for executive offices or breakout areas.

# Rego Lounge - Metal Swivel

Designer: B&T Design Studio

Rego Lounge is a versatile and adaptable piece of furniture, designed to fit seamlessly into various spaces. It's simple, flexible, and customizable design makes it a perfect choice for any setting. The chair's refined workmanship ensures both quality and comfort.

# Rego Lounge - Wood Swivel

Designer: B&T Design Studio

Rego Lounge is a versatile and adaptable piece of furniture, designed to fit seamlessly into various spaces. It's simple, flexible, and customizable design makes it a perfect choice for any setting. The chair's refined workmanship ensures both quality and comfort.

# Workspaces so good you'll look forward to Monday mornings.

The relationships people have with the office is fundamentally changing. How, where and when people work is no longer uniform. Nor are our solutions. We believe in the power of creating engaging spaces and furniture, so inspired and productive teams look forward to coming to work on Monday mornings.

For over 30 years Crestline has been helping design office spaces for companies who want more. More options, more flexibility, more design. Over the next 30 years we want to see NZ furniture design celebrated on the world stage, ethically, sustainably and joyfully.

**Crestline; look forward to Monday mornings.**
