

BROOKBY

Crestline[™]

Pure expression of soft seating.

DESIGNER:
LUCAS WOTAWA

With the highest levels of comfort as the starting point, the Brookby sofa was a project in removing as much as possible to arrive at a design that feels like a pure expression of soft seating.

The modular sofa system is extremely versatile, and its ability to be configured in multiple ways along with a range of upholstery fabrics makes it suitable for any context.

Lucas Wotawa

Lucas Wotawa is a product and furniture designer who founded his Auckland-based studio in 2020. Creating items that are simple and considered, a thorough design process leads to discovering objects that are useful, relevant, and desired for everyday living. With a pragmatic foundation and broad understanding of materials and manufacturing, Lucas finds solutions that achieve longevity by ignoring trends in favour of timeless designs.

The fundamental core of the studio is to develop via model making and prototyping; this hands-on approach creates outcomes where people are at the forefront of decisions, whether that's the end user of the product or the craftspeople making it. Driven by restraint and refinement, the products created acknowledge a typology while finding a unique and contemporary identity.

New Zealand

Lead Time:

4-6 weeks

Workspaces so good you'll look forward to Monday mornings.

The relationships people have with the office is fundamentally changing. How, where and when people work is no longer uniform. Nor are our solutions. We believe in the power of creating engaging spaces and furniture, so inspired and productive teams look forward to coming to work on Monday mornings.

For over 30 years Crestline has been helping design office spaces for companies who want more. More options, more flexibility, more design. Over the next 30 years we want to see NZ furniture design celebrated on the world stage, ethically, sustainably and joyfully.

Crestline; look forward to Monday mornings.
